

# **CITY OF FORNEY POLICIES FOR DOWNTOWN REDEVELOPMENT GRANT PROGRAM**

## **I. General Purpose and Objectives**

The City of Forney Economic Development Corporation (“FEDC”) promotes Forney and its unique character through the redevelopment and revitalization of Downtown, historic preservation, community involvement, and by providing an educational and technical assistance to business and property owners. With Downtown as a key focus area of the economic development in Forney, the FEDC and the City of Forney adopted the following Downtown Redevelopment Grant Program.

Each fiscal year (October 1 through September 30), the FEDC with approval of the City Council considers allocation of funds in the FEDC’s budget for the grant program. Applications are considered as they are received, and may be funded, if approved, until funds are depleted.

## **II. Grant Guidelines**

1. The grant program is a 50% match of all approved project costs in an amount between \$15,000 and \$25,000 (minimum total investment of \$30,000).
2. The grant must be used on property within the Downtown area, generally defined as a business/building in the Central Business District or an area adjacent to and/or as an entrance to and/or as a benefit to the Central Business District or Central Transition Overlay.
3. The applicant must be a legal business entity, registered with the State Comptroller’s Office. If renting space, the business owner must have the property owner’s authorization.
4. Projects for grant consideration will be those that seek the redevelopment of a Downtown property from a former use into a new commercial, retail, office space, or other appropriate use. Some examples of this would include existing retail use to a restaurant, retail to office space, residential to retail, office space to community event venue, residential to inn/bed and breakfast, etc. Redevelopment may also be considered for vacant property.
5. No grant applications will be accepted for work that has already been started or completed, or for work that is covered by insurance.
6. Grant funds are paid out on a reimbursement basis once completed work has been verified by City staff as compliant with the plans proposed in the approved application. Any deviation from the approved grant project may result in the total or partial withdrawal of the grant. Grants are awarded as a single payment to the applicant.

7. All submitted plans and completed work will be reviewed based on the City of Forney's Municipal Codes and Ordinances.
8. Grant applications and awards can be made in any of the reimbursable activities listed below and may be combined for any single property or project. However, the maximum award amount available annually per project is \$25,000.
  - a. Improvements to the existing exterior structure;
  - b. Improvements to the front façade;
  - c. Interior upgrades;
  - d. Utility upgrades;
  - e. Signage;
  - f. General building/property beautification including landscaping.
9. If an applicant is awarded a grant for any work performed pursuant to this program and the work is altered for any reason within one year from the date of construction, the applicant may be required to reimburse the FEDC immediately for the full amount of the grant.
10. Projects will be reviewed and ranked with the following considerations in mind:
  - Project results in an increase in property valuation and/or generates sales tax revenue;
  - Project rehabilitation reflects historic accuracy;
  - Project improves the capacity of water, wastewater and electric utility services;
  - Project results in a significant increase in downtown population (residents and/or day or night users);
  - Location (i.e. proximity to the center of downtown or catalyst project);
  - Other appropriate impacts may be considered on a case-by-case basis.

### **III. Grant Application Process**

1. Contact FEDC Staff to discuss the project and determine eligibility.
2. Complete and submit a City of Forney Building Permit Application. The application is available via the City website at [www.cityofforney.org](http://www.cityofforney.org) or the City of Forney Community Development Office, 101 E. Aimee Street, Forney, Texas 75126. All proposed projects are subject to review and acceptance by the City of Forney Architectural Review Board ("ARB").
3. Staff for the Community Development Office will schedule the ARB meeting for consideration of the building application. Please allow 3-4 weeks to schedule the ARB meeting.
4. If approved at the ARB meeting, the ARB will make a recommendation to the Forney Planning and Zoning Commission ("P&Z"). The P&Z will consider the application at a future meeting. The P&Z action will be sent to the City Council during a regular Council meeting for consideration.

5. If the building permit application is approved by the City Council, complete the grant application form and sign the agreement form. Return the completed application form with all original itemized work estimates, color samples, drawings and example sign material of the proposed work to the FEDC office at 101 E. Main Street during business hours of 8:00 am to 5:00 pm, Monday through Friday. Applications should include the following:
  - a. Drawings of all work to be done. Drawings may be prepared by the project architect or the licensed contractor.
  - b. Color samples of all final paint selections and/or final buildings or sign material selections.
  - c. Itemized work estimates on all project work from licensed contractors or project architects (Self-contracted work will be reimbursed for eligible expenses, excluding labor).
  - d. Photos of the building's exterior, interior, roof or foundation (areas where the work is to be performed).
  
6. The approval process by the FEDC Board will include without limitation the following:
  - a. All projects must meet current building standards and codes, as well as building permit requirements.
  - b. Applications must be complete and contain all required information. Additional information requested by the FEDC Board, or City staff must be provided prior to consideration of the grant.
  - c. All construction bids submitted by an applicant must be current and must be dated no earlier than 90 days prior to the application request. Bids shall be submitted on the contractor's or project architect's letterhead and shall contain the contractor's name, address, telephone number and shall itemize the bid in a manner that allows the FEDC to determine the bid components and authenticity of the bid.
  - d. An applicant whose application has been denied by the FEDC shall not be eligible to re-submit a grant application for six months from the date the prior application was declined.
  - e. Applicants receiving approval shall commence construction described within the application within 90 days from the date the grant is awarded. All applicants must complete the construction described in the application within one year from the date the grant is approved. If the applicant is unable to commence construction within 90 days from the date the grant is approved or complete construction within one year from the date the grant is approved, the applicant may submit a written request for an extension for the commencement date or completion date provided the extension request is made prior to the 90 day or one year deadline. The FEDC shall not be obligated to allow extensions, but may do so for good cause determined solely by the entity which authorized the grant. The extensions, if granted, shall be for the term and for the conditions determined exclusively by the FEDC. A denial of an extension cannot be appealed and shall be final.

- f. As a condition of this grant application, the applicant consents and shall allow the FEDC or other City staff to request City inspections to determine that the grant, if awarded, will not be used for construction on any building that is not in compliance with the City Municipal Codes and Ordinances that are applicable to the construction contemplated in the application.
  - g. No applicant has a proprietary right to receive grant funds. Each request will be considered on a case-by-case basis.
  - h. The applicant shall be required to furnish photographs of the building's exterior, roof and foundation after the construction is completed, as a condition of final reimbursement.
7. **Reimbursement:** When the grant project has been satisfactorily completed and reviewed, the applicant shall present the FEDC with copies of all paid invoices, including copies of cancelled checks and/or credit card receipts, for a single payment reimbursement of the approved funding. In addition, the applicant must complete a City of Forney Vendor Form and a 1099 Form to receive payment from the City. Vendor and 1099 forms will be provided by the FEDC.

**DOWNTOWN REDEVELOPMENT GRANT AGREEMENT  
CITY OF FORNEY, TEXAS**

**Please complete and return with the Downtown Redevelopment Grant Application to the Forney Economic Development Office, 101 E. Main St. during business hours of 8:00 am and 5:00 pm, Monday through Friday. If you have any questions, please contact Forney EDC Staff at (972) 564-5808.**

I have met with Forney EDC Staff, and I have read and fully understand the Downtown Redevelopment Grant procedures established by the Forney Economic Development Corporation. I intend to use this grant program for the aforementioned renovation projects to advance the efforts of redevelopment and historic preservation of Forney’s historic downtown. *I have not received, nor will I receive insurance monies for this redevelopment project.*

I understand that if I am awarded a Downtown Redevelopment Grant by the FEDC, any deviation from the approved project may result in the partial or total withdrawal of the grant. If I am awarded a redevelopment grant for any work pursuant to this program, and the completed work is altered for any reason within one year from construction, I may be required to reimburse the FEDC immediately for the full amount of the grant.
